

## SUBSCRIBER MEMBERSHIP INFORMATION

Thank you for your interest in the Australian Sustainable Business Group (ASBG). This document will take you through the benefits of becoming an ASBG subscriber member whether this is suitable for your company.

A subscriber member is the company, so one person taking the initiative and signing up as a subscriber benefits the whole company.

At the ASBG, we provide your business with **information today, positioning you for tomorrow.**

The ASBG subscription will provide your organisation with:

- SUSTAINABLE BUSINESS WEEKLY - A **weekly snapshot** of the latest information on a range of environment and energy issues, customised to the areas of interest to business, including:
  - Changes to Federal and State regulations;
  - Government initiatives and assistance programs;
  - Trends in Best Practices on environment and energy management;
  - Industry case studies on environment and energy activities; and
  - Global trends and information in *what's happening* around the world.

All past editions are available to our members on our website via a password protected area.

- **Training, Information & Education** events, with a 20% to 25% discount. Also as discussed ASBG can organize tailor made in house training programs for audiences from the shop floor to board level. A list of our current list of seminars is available via our website at [www.asbg.net.au](http://www.asbg.net.au)
- Discounted rates for **Environment and Energy Consultancy Services**; and
- An opportunity to influence the regulators through the development of policies and submissions through the **ASBG Policy Development and Reference Group**, which will be emailed to you shortly. Past submissions are also available on our website.

If you wish to subscribe, please refer to the Subscription form on the back of the attached brochure. If you have any questions or comments regarding the ASBG please call me on 02 9453 3348 or email on [andrew@asbg.net.au](mailto:andrew@asbg.net.au) . I look forward to hearing from you.
