## Details:

Price: ASBG's Training Template in PowerPoint format \$350 (includes GST).  
The Training Template and attached documents will be sent to you via email.

## Example Slides

**What is a Pollution Incident**

**Definition of 'pollution incident'**

- Pollution incident means an incident or set of circumstances during or as a consequence of which there is or is likely to be a **leak, spill or other escape** or deposit of a substance, as a result of which **pollution has occurred**, is occurring, or is likely to occur.
- It includes an incident or set of circumstances in which a substance has been placed or disposed of on premises, but it does not include an incident or set of circumstances involving only the emission of any noise.

**PIRMP**

- One page document with a flowchart? → NO
- A PIRMP is a **Management Plan** – a fully researched, structured and formally approved strategy

**EPA Fines**

- For an individual, maximum penalty of \$1,000,000 plus 2 years in prison
- Individual 1 year jail penalty has been imposed for negligent disposal of sewerage waste

**Hazard, Likelihood and Control Measures**

- Divide into workable chunks
- What are the activities on site
  - Stockpile management
  - Water and stormwater
  - Hazardous chemicals
- What are the potential pollutants and how much
- Risk assessment and controls – similar to approach used with ISO 14001
