

Environment Practitioner's Management Workshop

GETTING UP TO SPEED ON THE DAY-TO-DAY
ISSUES OF SUSTAINABLE MANAGEMENT

Brought to you by

TWO-DAY WORKSHOP

A COMPREHENSIVE PACKAGE TO GET YOU UP TO SPEED ON ENVIRONMENTAL MANAGEMENT RESPONSIBILITIES

An intensive course to provide the knowledge and tools to manage environmental obligations as a professional environmental manager does on a day-to-day basis.

- ✓ A session on environmental law to protect your company from pollution prosecutions, covering NSW pollution and other laws
- ✓ The main risk areas from legal to practical covering:
 - Contaminated land, legal requirements to remediation methods
 - Waste management – hazardous to recycling and exemptions
 - Air pollution and odour, what are the limits and how to control
 - Water pollution, what is it and how to control it
 - Noise pollution, measurement & dealing with neighbours
- ✓ How to manage, negotiate and vary Environmental Protection Licenses
- ✓ Receive management guidance through our Environmental risk management workshop
- ✓ How to go beyond compliance and how ISO 14001 Environmental Management System works
- ✓ Competency test and certificate of attendance for CPD points

ENVIRONMENT PRACTITIONER'S MANAGEMENT WORKSHOP

DAY ONE Wednesday 27 November 2024

8.00 REGISTRATION

8.30 **WATER management**, covering laws, trade waste to sewer, basis for setting limits, monitoring and typical EPA and sewerage agency limits, monitoring, and treatment equipment types and solutions. **Andrew Doig**

9.40 WASTE and hazardous waste management

Issues covering waste and hazardous laws, licensing requirements for waste, landfill acceptance, waste treatment options and other monitoring, management options and treatment solutions. Use of Resource Recovery Exemptions and other means to beneficially reuse wastes. **Andrew Doig, ASBG**

10.40 Morning Coffee

11.00 **Contaminated land** – Brief overview of NSW Contaminated Land Management legislation – what are significant site of risk and reporting requirements. Property transactions: When contaminated land management is a major issue for the environmental manager. Use of the Assessment of Contaminated Site NEPM criteria and its application. **Contaminated Site consultant**

12.15 Lunch

1.00 **AIR management** issues, covering typical EPA limits under the Clean Air Regulations, monitoring and basic air cleaning and odour policy and compliance issues and air pollution control systems. **Air Pollution consultant.**

2.00 **INTRODUCTION TO ENVIRONMENTAL LAW** – Overview on NSW's main POEO Act and legal advice on the main applications of pollution laws and basic planning law. When you need an environmental lawyer. **Environmental Lawyer.**

3.15 Afternoon Tea

3.40 **NOISE issues**, overview of the laws and policies, including an overview of the new Noise for Industry Policy and how to address noise and dealing with the EPA and site planning and expansion issues affecting licensed sites. **Andrew Doig**

4.55 End Day One

DAY TWO Thursday 28 November 2024

8.30 **ENVIRONMENTAL PROTECTION LICENCES** – What are licences and what are the triggers for being liable to be licensed? Coverage of typical licence conditions and the legal risks they contain. Pollution Incident Response Management Plans, Risk Based Licensing and Load Based Licensing will be covered. How to negotiate licence conditions and your rights under the POEO Act. **Andrew Doig**

10.45 Morning Coffee

11.00 **MANAGING SITE ENVIRONMENTAL ISSUES** – Undertaking an environmental risk management process, listing priorities for environmental management practices (e.g. identification of spillages flows, bunding, storage of industrial substances, contaminated land, emissions to air, land water, emergency response, site appearance, noise and odour emissions, licence requirements) **Andrew Doig**

12.15 Lunch

1.00 MANAGING SITE ENVIRONMENTAL ISSUES cont.

2.00 **BEYOND COMPLIANCE** – Overview of environmental management systems: ISO 14001 systems and how they work. Dealing with audits and changes in ISO 14001-2015 **Peter Sheehan, McConnell Dowell Group.**

3.00 Afternoon Tea

3.20 **WORKSHOP:** Participants are invited to discuss their environmental issues with the class and the experts and if time participate in a hypothetical pollution incident.
