2 x 1 HOURS - WEBINAR 30 APRIL & 1 MAY 2025

ASBG PRESENTS PART 2: WASTE WORKSHOP ON CONTAMINATED SOILS

This webinar workshop complements our NSW Waste Classifications Webinar Part 1 moving into details on sampling, analysis and preparation of Waste Classification Reports or applications which satisfies the EPA. It also covers the availability of landfills to accept certain contaminated soils with a focus on asbestos waste and where they can be disposed of, noting that future landfill capacity around Sydney will be increasingly constrained over the next 5 years. The webinar is run over 2 x 1 hour sessions and will cover the following areas:

- ✓ Introduction
- ✓ Sampling of contaminated soils for classification for landfill disposal
- ✓ What to test for under Waste Classification Guidelines Part 1 and documentation
- ✓ Brief overview on sampling requirements to achieve EPA acceptable 95%UCL
- ✓ Application for wastes of the Contaminated Land Guidelines - Sampling Design Part 1
- ✓ Sampling of contaminated soils for Resource Recovery Orders (RRO) and Exemptions use
- ✓ Preparation of Waste Classification Reports
- ✓ The Waste Classifier Accreditation Scheme and its impacts
- ✓ Application for a Specific RROE
- ✓ Examples of 3 RROs to provide guidance
- ✓ Asbestos waste and use of AS 5370 and its limits for RROE wastes
- ✓ Issues associated with bulk disposal of asbestos wastes in the Sydney area
- ✓ Capacity issues for contaminated soils in the Sydney area over the next 5+ years
- ✓ Summary

Details at a glance

Date: Live webinar 30 April & 1 May 2025 Recorded version any time after
Time: 12 noon – :1:05 pm; Registration first: using Crowdcast
Venue: At your computer

NSW Waste & Soils Webinar 2 – Sampling and Documentation

Introduction and Landfill Acceptance Classification

(Facilitator: Andrew Doig)

Session 1

- Introduction to sampling, classification & compliance
- **Landfill Disposal Application:**
 - What to test for under Waste Classification guidelines and documentation
 - How to sample for waste classification – various types
 - Overview on sampling requirements to achieve an EPA acceptable 95%UCL
 - Use of Contaminated Land Guidelines – Sampling design Part 1 for above
 - Preparation of Waste Classification Reports to EPA's standards
- The Waste Classifier Accreditation Scheme and its impacts

Meeting Resource Recovery Orders and Capacity issues for Asbestos and in general

Session 2

- **Resource Recovery Orders and Exemptions**
 - Applying for a Specific RROE
 - What to test for when using an RRO – three RROs used
 - Sampling – different processes from ENM, recovered fines (batch), other RROs relating to recovered soils and wastes
 - Preparation of sampling plans – using of AS 1141.3.1 where appropriate
 - Other options – use as daily landfill cover
 - Changes coming for RROEs
- Asbestos waste – use of AS 5370 (was AS 4964) and its limits
- Disposal capacity issues for contaminated soils over the next 5 + years + options
- Summary

PRICE (incl GST)		WEBINAR	DATE AND TIME
ASBG members	\$100	A Website link will be issued with password Require computer with internet download speed of > 5 Mbs	Live session at 12 noon – 1 pm 30 April & 1 May 2025 Sessions recorded – can be viewed anytime after
Non-Member	\$125		
Competency test included, notes, will be emailed to participants on completion of competency test + certificate			

[Click here to register online](#) More information ph 02 9453 3348

The Webinar series will be recorded for later viewing at your leisure

Click here to go to registration webpage or Use this link:

<https://www.asbg.net.au/index.php/registrations-a-payment/registrations-and-payment>

All participants will receive:

- ✓ A pdf version of the presentation slides
- ✓ Attendance certificate to gain CPD points if needed
- ✓ Tax invoices or tax invoice receipts provided

Cancellation: If you are unable to attend, a substitute delegate from your organization is welcome at no extra charge. No refunds for cancellations in writing closer than 3 working days from the event, but notes will be forwarded see [terms](#) for full details. A **Tax Invoice** will be issued for each registration. **Confirmation** will be provided one week prior to the course if registration received.
