CONTAMINATED LAND LEGISLATION AND POLICY - MELBOURNE FRIDAY 10 AUGUST 2012

The *Assessment of Contaminated Sites National Environment Protection Measure* (ACS NEPM) is the national rules in which contaminated land is assessed and managed. It is likely to be adopted this year and brings with it major changes to the way in which contaminated land is investigated and remediated.

This conference will consider the impacts the NEPM changes will have on various stakeholders including consultants, landowners and local government. Learning about the NEPM's changes, its new flexibilities and increased coverage will assist you in dealing with contaminated land and its liabilities. This conference will cover:

- ✓ Changes to the Assessment of Site Contamination NEPM's reference papers and documents including:
 - Health Risk Assessment,
 - Ecological Investigation Limits
- ✓ Estimated impact of the ASC NEPM on:
 - Auditing, monitoring and clean up costs
 - Land owners, what are the obligations and changes coming
- ✓ Overview of the legal risks of managing contaminated land and transfer liabilities.
- ✓ A landowners experiences with contaminated land clean up and prevention.
- ✓ Contaminated soil management options – reuse, landfill, containment and dealing with hazardous soils.
