

# Contaminated Land Conference

A conference to assist landowners and practitioners in preparing for the new Contaminated Site NEPM and other liabilities and legislation

Brought to you through the combined resources of:

Sponsored by

SYDNEY WEDNESDAY 16 MAY 2013

This conference will focus on the current legislative and policy issues surrounding contaminated land management. It is specifically aimed at land owners, environmental professionals and others dealing in contaminated land management. Additionally the *Assessment of Contaminated Sites National Environment Protection Measure* (ACS NEPM) is expected to be adopted in April 2013 and brings with it major changes to the way in which contaminated land is investigated and remediated.

This conference will consider the impacts of current legislation and the NEPM changes will have on the management of contaminated land. Learning about NSW's current and proposed legislation and policies and how these also incorporate the NEPM's changes, will assist you in dealing with contaminated land and its liabilities. This conference will cover:

- ✓ A regulator's overview of current laws, policies and in the pipe changes
- ✓ Changes to the Assessment of Site Contamination NEPM's reference papers and documents including:
  - Health Risk Assessment,
  - Asbestos and its management
- ✓ Estimated impact of the changes on auditing, monitoring and clean up costs
- ✓ Overview of the legal risks of managing contaminated land and transfer liabilities.
- ✓ A landowners experiences with contaminated land clean up and prevention.
- ✓ Contaminated soil management options – reuse, landfill, containment and dealing with hazardous soils.
