MELBOURNE - WEDNESDAY 24 JULY 2013

This conference will focus on the current legislative and policy issues surrounding contaminated land management. It is specifically aimed at land owners, environmental professionals and others dealing in contaminated land management. Additionally the *Assessment of Contaminated Sites National Environment Protection Measure* (ACS NEPM) has been adopted and brings with it major changes to the way in which contaminated land is investigated and remediated.

This conference will consider the impacts of current legislation and the NEPM changes will have on the management of contaminated land. Learning about Victoria's current and proposed legislation and policies and how these also incorporate the NEPM's changes, will assist you in dealing with contaminated land and its liabilities. This conference will cover:

- ✓ A regulator's overview of current laws, policies and in the pipe changes
- ✓ Changes to the Assessment of Site Contamination NEPM's reference papers and documents including:
 - Health Risk Assessment,
 - Ecological Investigation Limits
- ✓ Estimated impact of the changes on:
 - Auditing, monitoring and clean up costs
 - Local Government and planning and assessing contaminated land
 - Land owners, what are the obligations and changes coming
- ✓ Overview of the legal risks of managing contaminated land and transfer liabilities.
- ✓ A landowners experiences with contaminated land clean up and prevention.
- ✓ Contaminated soil management options – reuse, landfill, containment and dealing with hazardous soils.
