

Pollution Incident Response and Emergency Planning Workshop

Pollution Incident and Emergency Plans Management

Pollution incidents are in the highest risk area of environmental management. This Workshop covers incident management and compliance requirements to help you better deal with this risk area

ASBG's Pollution Response & EP Workshop gives you:

- ✓ Review of common pollution incident types and how to manage these
- ✓ Coverage of main Emergency Plan areas under NSW laws
- ✓ Hazardous Chemicals emergency planning requirements
- ✓ Manage to comply, not to meet documentation
- ✓ Preparation of Pollution Incident Response Management Plans
- ✓ Integrating these plans in one or more documents
- ✓ Testing and training requirements and obligations
