

# Waste: New Laws, Classification and Exemptions Workshop

Brought to you by

**12 JUNE 2019**

NSW's waste laws have been tightened again which will affect waste generators and waste facilities. Get up to speed on the current and new changes to ensure compliance and avoid the pitfalls.

## **8:30 am WORKSHOP:**

This workshop is designed to assist managers and supervisors working in the waste sector and generators of waste on the legal and general operational requirements for waste management with a focus on recycling, especially contaminated soil, construction and demolition waste, beneficial reuse of waste and hazardous waste. Areas covered include:

- ✓ Overview of pollution laws affecting waste generation and management
- ✓ Waste licensing under the POEO Act affecting the waste generation and waste facilities
- ✓ New waste regulations commencing mid 2019 affecting waste management in NSW
- ✓ Overview of NSW waste classification system → using the 6 steps
- ✓ Overview of Resource Recovery Orders and Exemptions
- ✓ Managing asbestos waste from packaging to departure
- ✓ Acid sulfate soils and their classification and management
- ✓ Standards for Managing Construction and Demolition Waste
- ✓ Documentation required for claiming lower waste levies at Weighbridges
- ✓ Workshop various scenarios of waste c
- ✓ Competency test + certificates issued
