## 29 AUGUST 2019, SYDNEY

### **Morning Seminar - Pollution Incident Response Plans & Emergency Response**

This seminar will overview the latest issues and design pointers for preparing a PIRMP and Emergency Plans. It will focus on other companies' experiences in implementing PIRMPs and ensuring your site is up to date for meeting the training and testing obligations. A legal overview will provide advice on the pitfalls of PIRMPs, immediate reporting requirements and other related legal issues. Case studies will assist in learning and improving your compliance from others experience in PIRMP development and implementation. The range of incidents being captured as Material Harm including asbestos dumping, fires etc, continues to expand and will be discussed, especially what the EPA interprets as non-Trivial incidents.

### **Afternoon Workshop - Preparation, Training and Testing your PIRMP**

The workshop will cover:

- ✓ An overview of the contents and key areas required to be covered in a PIRMP document
- ✓ What is a pollution incident?
- ✓ Enforcement of PIRMPs – how does the EPA go about this?
- ✓ When do non-trivial Material Harm incidents trigger?
- ✓ Fires and fire water as Material Harm
- ✓ Emergency pollution incident response issues
- ✓ Example pollution cleanup response procedures
- ✓ Dealing with neighbours after an incident
- ✓ Developing testing programs
- ✓ Designing training programs
- ✓ Ensuring compliance on these issues
