NSW Waste Workshop: Webinar

Legislation, Classification, Exemptions and Tracking

Brought to you by

3 x 1.25 HOUR SESSIONS: 7, 8 & 9 APRIL 2017

This workshop set is designed to help environmental and waste professionals come up to speed on the complex area of waste classification, resource recovery, and its management. NSW environmental laws establish a complex set of legal controls on the generation, transport, re-use, recycling, treatment and disposal of wastes. There are many pitfalls and administrative processes that abound in the management of wastes in NSW. The workshop is run over three consecutive days [1 x 2 hour sessions] plus question time will cover the following areas:

- ✓ Definition of waste → waste is very broadly defined, but how broad?
- ✓ Illegal waste activities: → transport, landfilling and pollution of land offences
- ✓ Overview of the POEO (Waste) Regulation 2014 → Proximity principle, Scheduled waste facilities, immobilisation approvals and other relevant changes
- √ Waste licensing requirements under schedule 1 POEO Act
- ✓ Asbestos → classification management and tracking of asbestos wastes
- ✓ Use of Resource Recovery Exemptions and Orders → where they apply and what to do to implement them
- ✓ Use of dangerous goods classifications for hazardous wastes
- ✓ Hazardous Waste classification:
 - ✓ Covering hazardous, restricted, trackable, liquid
 - ✓ Chemical assessment → use of CT, SCC and TCLP tests and where to apply them
 - ✓ Immobilisation → what is it and where to use it and approval processes
- ✓ Waste tracking → waste codes, intra state and interstate and the EPA's on-line system including new requirements for asbestos, tyres and interstate waste movements

This Webinar is recorded and you can download it at any time to view and review it when it best suits your diary.

PROGRAM Waste Laws and Introducing Waste Classification Session 1 Overview of the waste laws covering: Waste definition 7 April Waste licensing, waste transport laws, 11 to 12 o Illegal dumping and land pollution liabilities for generators, transporters and facilities +Question Overview of the POEO (Waste) Regulation 2014 affecting generators and the waste sector time General conditions for transporting and storing wastes 15 mins Introduction to classification of waste under the Waste Guidelines > the 6 steps Classification of putrescible and non putrescible wastes for landfill disposal Session 2 **Asbestos Waste** Classification – When is it asbestos waste or asbestos containing material New developments in asbestos waste controls 8 April Overview of the WasteLocate system for tracking asbestos and tyres 11 to 12 Case studies and traps for poor classification, testing, assessment and destination choices +Question **Resource Recovery Exemptions and Other Wastes** time The new Resource Recovery Exemption (RREs) and Orders (RROs): 15 mins What do they do and how you must use them ✓ Testing, storing, application and other requirements Tips on when and how to apply for specific RRE applications Session 3 **Hazardous Wastes and Immobilisation** ✓ Classification of trackable wastes under the Waste Regulation → liquid and solid ✓ Liquid wastes and their definition under trackable waste 9 April Hazardous wastes and acid sulfate soils and their management and classification covering: 11 to 12 o TCLP, CT tests; when to use it and what to test for and how the test works +Question What occurs if you exceed the SCC test thresholds time ✓ **Immobilisation**, its use and the new immobilisation Certifications and Approvals 15 mins **Transportation and Tracking of Trackable Wastes** Examine the tracking system for trackable waste ✓ Waste tracking data and on-line waste tracking. Interstate tracking **Competency Test** will be emailed after the end of the last session. **Test** Those who successfully email back and complete the test will be issued competency certificates. **WEBINAR** PRICE (incl GST) DATES AND TIME A Website link will be issued Over 2 days: Registration 11:55 am ASBG member \$125 with password Non-Member \$150 11 am to 12:15 pm + question time Require computer with internet Notes, will be emailed to participants on 7, 8 & 9 April 2020 completion and a certificate download speed of > 5 Mbs REGISTER TODAY Click here to register online More information ph 02 9453 3348 fax: 1300 303 816.
