

# Environmental Law & Policy Update Webinar

## Federal, National, NSW, Queensland, Victoria, SA, other States & NZ

**3 x 1.1 hr Webinar series – 1, 2 & 3 February 2022**

**Live from 12 noon to 1.10 pm each day**

**You can watch the recorded version anytime after**

**NATIONAL ENVIRONMENTAL MANAGERS:**

**Keep up to date with your environmental compliance obligations**

This **webinar over 3 days** provides a cost-effective and efficient way of learning the latest environmental law developments. It is also designed to ensuring legal risk registers within your Environmental Management System (EMS) are brought up to date. You will learn about key changes and emerging developments in state and federal environmental legislation relevant to environmental aspects and risks of your business operations.

### **Purpose:**

Businesses and organisations need keep up to date with new environmental legislation to avoid costly surprises. Also those operating an ISO 14001 EMS must establish, implement and maintain procedures to identify and access legal requirements applicable to their environmental aspects and risks. The Environmental Legislative Update webinar helps your businesses achieve this.

### **Who Should Attend?**

Environmental managers and professionals responsible for national compliance will find this course useful to cover your national obligations. Update your ISO 14001 legal registers are up to date and meet auditor's requirements.
