3 X 1 HOUR SESSIONS, 23, 24 & 25 JULY 2024

HOW TO BEST MANAGE YOUR ENVIRONMENT LICENCE: NEGOTIATION AND COMPLIANCE

This webinar will cover management, negotiation, dealing with the EPA and practical issues in operating with Environment Protection Licences (EPL) and its variation. Learn the changes to EPL compliance and add-ons such as the coming Climate Change Mitigation and Adaptation Plans (CCMAPs) and enforcement of Dangerous Goods standards. ASBG's webinar will over 3 sessions cover what sites require an EPL, typical conditions and what is required to meet them, but also how to write corporate documentation so your site has more control over how it complies with the EPL and other environmental law. After EPA inspections of your site, you can be hit with reporting, EPL changes, PRPs and even Show Cause requirements regarding EPA concerns over your site's maintenance and or operational efficiency. Using better negotiating practices can greatly help in avoiding difficult conditions. A number of case studies are provided to assist you to avoid issues and comply better. Key issues addressed include:

- ✓ Overview of Environmental Protection Licences — what is their purpose, lots and thresholds
- ✓ How to maintain compliance with your EPL conditions
- ✓ Working with the regulators to achieve a better level of compliance
- ✓ Monitoring under your license → how to get the most from monitoring
- ✓ Preventing and managing complaints from neighbours
- ✓ Dealing with Pollution Reduction Programs and application of newer environmental criteria
- ✓ Case studies of difficult EPL conditions and coverage
- ✓ Inspections and EPA investigations and add-ons, PIRMPs and CCMAPs
- ✓ Dealing with non-compliance and responding to formal requirements, e.g. PRPs, Show Cause
- ✓ Negotiating environmental licence conditions new requirements
- ✓ Use of the appeals process if all else fails
