

NSW Waste Classification: Webinar

Laws, resource recovery, asbestos - focus on soils

Brought to you by

Supported by

Includes the OSCE's Asbestos Recommendations + Doubling of all NSW fines plus \$4m RROE max fine

This workshop set is designed to help contaminated site and environmental professionals come up to speed on the complex area of waste classification, resource recovery, and its management. NSW environmental laws establish a complex set of legal controls on the generation, transport, beneficial re-use, recycling, treatment and disposal of wastes. It will also cover the impact of the doubling and more of NSW environmental fines on waste management. The workshop is run over three consecutive days [3 x 1 hour sessions] plus question time will cover the following areas:

- ✓ Definition of waste → waste is very broadly defined, but how broad?
- ✓ Illegal waste activities: → transport, landfilling and pollution of land and new round of fines
- ✓ Overview of the *POEO (Waste) Regulation 2014* → Scheduled waste facilities, immobilisation approvals and other relevant changes
- ✓ Waste licensing requirements under *Schedule 1 POEO Act*
- ✓ Using SEPP 55 for permission to shift contaminated soils
- ✓ Transport conditions for bulk waste
- ✓ EPA's On-site off site rule, when it applies and when not
- ✓ Asbestos → Measurement, classification and tracking of asbestos wastes
- ✓ Use of *Resource Recovery Orders and Exemptions* → key RROEs to use and recent changes
- ✓ Brief overview on sampling requirements to achieve EPA acceptable 95%UCL
- ✓ Hazardous Waste classification:
 - Covering hazardous, restricted, trackable, liquid
 - Chemical assessment → use of CT, SCC and TCLP tests and where to apply them
 - Immobilisation → Applications for specific Immobilisation Contaminant Approval
- ✓ Waste tracking → the new *Integrated Waste Tracking Solution* changes covering hazardous waste. interstate and new requirements for asbestos, tyres

Details at a glance

Date: 24, 25 & 26 March 2025
Time: 10:55 am to 12:05 pm each day
Venue: Webinar using Crowdcast

PROGRAM

Session 1

Waste Laws and Introducing Waste Classification

- ✓ Introduction – Waste and contaminated sites
- ✓ Overview of the waste laws covering, waste definition, waste licensing, waste transport laws
- ✓ Illegal waste liabilities: dumping, land pollution, transporters and facilities and new fines
- ✓ Using SEPP 55 for managing contaminated soils
- ✓ Disposal or cap and contain the waste?
- ✓ Overview of the *POEO (Waste) Regulation 2014* affecting contaminated sites's wastes
- ✓ General conditions for transporting and storing wastes
- ✓ Introduction to classification of waste under the Waste Guidelines the 6 steps
- ✓ Classification of putrescible and non-putrescible wastes for landfill disposal

Session 2

Resource Recovery Orders, Exemptions and Other Wastes

- ✓ The On-site / Off-site rule for wastes
- ✓ The changed Resource Recovery Exemption (RREs) and Orders (RROs) laws
- ✓ A focus on VENM and ENM
- ✓ Overview on asbestos waste and problems with recycling soils and stockpiles
- ✓ Sampling, testing, storing, application and other requirements
- ✓ Tips on when and how to apply for specific RRE applications
- ✓ Sampling criteria to achieve EPA acceptable 95%UCL
- ✓ Case studies and traps for poor classification, testing, assessment and destination choices

Session 3

Hazardous Wastes, Trackable wastes and Immobilisation

- ✓ Classification of trackable wastes under the Waste Regulation → liquid and solid
- ✓ Hazardous wastes and acid sulfate soils and their management and classification covering:
 - **TCLP, CT tests**; when to use it and what to test for and how the test works
 - What occurs if you exceed the **SCC test** thresholds?
- ✓ PFAS contaminated soils and their management options
- ✓ **Immobilisation**, its use and the new immobilisation Certifications and Approvals

Transportation and Tracking of Trackable Wastes

- ✓ Examine the **Integrated Waste Tracking Solution (IWTS)** for trackable waste
- ✓ Waste tracking data and on-line waste tracking
- ✓ Interstate tracking

PRICE (incl GST)	WEBINAR	DATES AND TIME
ASBG/ALGA member \$135 Non-Member \$150 Notes, will be emailed to participants on completion and a certificate	A Website link will be issued with password Require computer with internet download speed of > 5 Mbs	24, 25 & 26 March 2025 Start 10:55 am – Close 12:00+ pm

REGISTER TODAY

Or scan and email to asbg@asbg.net.au

The Webinar series will be recorded for later viewing at your leisure
 All participants will receive:

- ✓ A pdf version of the presentation slides
- ✓ Attendance certificate to gain CPD points if needed
- ✓ Tax invoices or tax invoice receipts provided

Cancellation: If you are unable to attend, a substitute delegate from your organization is welcome at no extra charge. No refunds for cancellations closer than 3 working days from the event no refunds can be made, but notes will be forwarded by mail following the event.. Cancellations must be received in writing to be recognised. A **Tax Invoice** is issued on registration with **confirmation** provided one week prior to the course. ABXSz
